EXPERIENCE

Returns Coordinator

Makita Australia

Sep 2023 – Present

Pemulway, NSW

- Managed and processed product returns efficiently, ensuring accurate documentation and timely resolution
- Coordinated with the company's service department to address return inquiries and issues
- Maintained organized records of returns and exchanges, ensuring compliance with company policies and procedures

Store person

H and M Distribution Center

Feb 2022 – Sep 2023

Marsden Park, NSW

- Efficiently managed inventory, including receiving, storing, and organizing products within the distribution center
- Assisted in the accurate and timely picking, packing, and dispatching of orders to ensure smooth and prompt delivery
- Conducted regular inventory checks and maintained detailed records to support inventory accuracy and stock control

PROJECTS

FoodHub | *React, Next.js, JavaScript, Tailwind CSS*

- Developed and maintained the frontend of FoodHub, a university project for a food delivery website, using React and Next.js
- Implemented modern JavaScript (ES6+) features to enhance functionality and improve code maintainability
- Utilized Tailwind CSS to create a visually appealing and consistent design system, improving the overall user interface.
- Collaborated with team members to integrate APIs and ensure cohesive project delivery

ADAPT | *React, Next.js, JavaScript, Tailwind CSS, Vega*

- Developing a data visualization website using census data of Australia with JavaScript, React, Next.js, and Tailwind CSS
- Implementing interactive and dynamic visualizations using Vega to effectively present complex data insights
- Ensuring responsive and user-friendly design to enhance user engagement and accessibility
- Collaborating with team members to integrate data sources and optimize the performance of the visualizations
